**University Campus
Azadi Square
Mashhad, Iran**

History

Ferdowsi University of Mashhad was established in 1949 and is one of the most prestigious universities of Islamic Republic of Iran and scientific pole of North-East of the country with 13 faculties, 38 research institutes, 5 research centers, 10 scientific poles and 150 educational majors in PhD and master degrees. Information Center and Central Library (ICCL) was established in 1971 at Ferdowsi University of Mashhad. The aim of this library is to collect, organize, and provide the access to scientific information and information sources needed to promote education and research.

Objective

The main objective of this Library is to provide the researchers with direct access to the latest scientific information and resources.

So the following tasks are considered for the Information Center and Central Library:

- Collecting library materials, including print, non-print, and electronic materials
- Performing technical services (cataloguing, organizing and indexing) all digital and printed resources of Ferdowsi University Libraries
- Assessing the condition and performance of Faculty Libraries

1

- Holding short-term training courses on Library and Information Science
- Guiding and training the users' using of the information resources.
