1. *The search credit is valid for a period of one year.*
2. *\$.04 by 1000 characters for Quick Search.*
3. *\$.08 by 1000 characters for Deep Search, File Search or Alert.*
4. *\$.005 by 1000 characters for Deep Search, File Search or Alert.*
5. *The estimated number of searches is based on an average of 1000 characters per search.*

<b>Amount</b>	<b>Free Bonus</b>	<b>Nb. Quick Searches<sup>7,8</sup></b>	<b>Nb. Deep Searches (web,news)<sup>7,9</sup></b>	<b>Nb. Deep Searches (files)<sup>7,10</sup></b>
\$99.99	\$18	2,949	1,474	23,598
\$24.99	\$3	699	349	5,598
\$9.99	\$1.50	287	143	2,298

*Terms and Conditions:*

1. *You must have a PayPal account to subscribe to automatic monthly purchases of search credits.*
2. *Any unused credits that were purchased in a given month will be carried over to the next month. You will be able to carry over unused credits up to an amount that has been accumulated during the previous 11 running months. Any unused credits purchased beyond 11 months prior cannot be used and will not be refunded. Search credits that were purchased earlier will be consumed first.*
3. *If your consumption of search credits exceeds the number of search credits purchased in a given month, you will be alerted to raise your monthly search credit purchase. You can also simply purchase additional search credits at the prepaid rate (see table above). There are no penalties for going over your monthly purchase.*
4. *This is a "no contract" plan. You may stop the automatic monthly purchases of search credits at anytime. You may keep unused search credits for future use, or request a refund if you do not plan to use them.*
5. *Recurring monthly payments can be specified in US\$, Euros, or Brazilian Reals.*
6. *Plagium reserves the right to terminate monthly payments with any individual customer, customer group, or all customers at any time without cause.*
7. *The estimated number of searches is based on an average of 1000 characters per search.*
8. *\$.04 by 1000 characters for Quick Search.*
9. *\$.08 by 1000 characters for Deep Search, File Search or Alert.*
